Summary

B.Tech (CSE) student with strong knowledge of Java.Skilled in Data Science and eager to apply this to real world projects. My goal is to use my skills to build useful model and grow my career in Data Science.

Education

Galgotias University, B.Tech in Computer Science CGPA: 7.7/10 | Oct'23 – June'27

MS College, Class XII Percentage: 81.8| May 2021

Shantiniketan Jubilee School, Class X Percentage: 73.2 | April 2019

Technical Skills

- Languages: Java, Python
- Frontend: HTML, CSS
- Backend & Databases: MySQL
- Tools & Platforms: Git/GitHub, VS Code, Jupiter Notebooks

Soft Skills: Teamwork, Communication

Projects

Online Banking Management System|HTML,CSS,Java (Oct 2024- Dec 2024)

Created an Online Banking Management application with a Java backend and HTML/CSS frontend. Enabled users to manage accounts and perform essential banking functions. Ensured smooth workflow with a structured and responsive interface.

Internships

Google Developer Intern, EduSkills (Oct 2024 – Dec 2024)

• Worked on real-world cloud projects, including deployment, virtualization, and application development.

• Strengthened skills in cloud computing, problem-solving, and industry-relevant tools provided by Google.

AI-ML Virtual Internship, Eduskills (Supported by AWS Academy) (Apr 2025 – Jun 2025)

• Worked on hands-on projects involving data preprocessing, model building, and evaluation using real datasets.
• Strengthened understanding of AI concepts, cloud-based ML tools, and deployment practices.

Certificates

• Technology Job Simulation - Delloite (May 2025 – Jun 2025)
• AWS Cloud Foundation – AWS Academy (Jan 2025 – Feb 2025)
• Database Design - Oracle (Nov 2023 – Dec 2023)

Achievements

• Completed 50 Days of Problem Solving Challenge on Leetcode.

• Built and deployed multiple Data Science projects successfully.
